Softball Games HIT NEW HIGH

In three games played during the past week our Company Soft Ball Team, won two and lost the third in extra innings. Our team which won the Special Units pennant in the first half of the season is playing good ball lately and are adding plenty of wins to their present record. The first contest was against the 327th Medics of the 102nd Div. league. The Red Cross boys scored a run in the top half of the first, but Nolan's walk and three consecutive hits by Levendowski, Zmirski and Anderson brought a pair of runs across to put the local club in the lead. They never lost the lead as both teams played good defensive ball, our boys scored single runs in the third and fourth innings to put the game on ice. Final Score Hqs. Co. 4 — 327Th Medics 1.

The following nite our boys lost a tough one to 1st Bn. Hqs. Co. in eight innings. Hqs. Co. went ahead in the opening frame when Doyle walked and Levendowski chased him home with a long double,

EDUCATIONAL PROGRAM STARTS

The Educational Program for the Company will get under way on Monday 3 Sept. 1945. For time and courses to be given consult T/4 Kramer I & E Non Com. Three locations in Freyung will be utilized for the special units of the regiment as follows; Regimental Theater; Deffies Tavern and Company I & E Room. Lets cooperate with Sgt. Kramer and have a large attendance from the Company for the classes. Competent Instructors and intersting subjects will be furnished by the Regimental I & E Officer.

MARVEL TO FIGHT

Here is a good one for you Bill! Our own "Masked Marvel" accepts the challenge of "The Figure". This should be the fight of the century. We hear that the "Marvel" is preparing to leave for a secret training camp around the end of the month. What do you say if we get together on a date about the middle of September? The Editors Office is handling all arrangements for the "Marvel". You had better start training Mr. "Figure". The "Marvel" tells us that he will take the "Figure" whit one punch. We shall see.

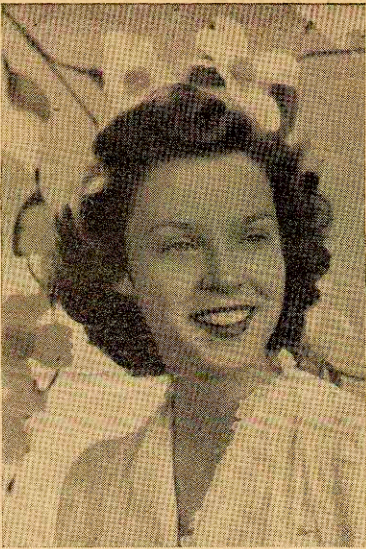

ARENA IS DEDICATED

The Memorial Arena of Hqs. & Hqs. Co. 330th Infantry was dedicated on Saturday 18 August 1945 in Freyung, Germany, to the memory of our fallen comrades who so gallantly gave their lives that others might live in a free and better world.

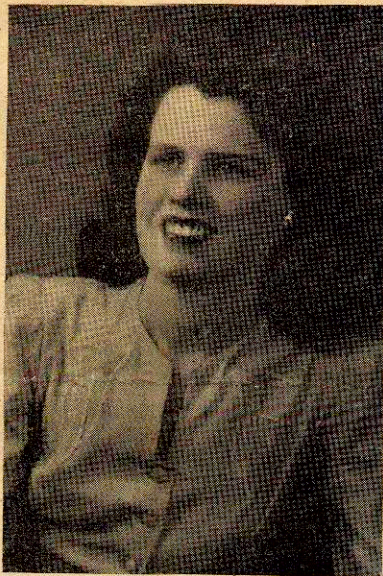

The day was a beautiful one with the sun being fully out, and not a cloud in the sky. The 83rd Division Band opened the program with the playing of the "National Anthem". This was followed by a dedicatory address by Col. James R. Montague, Executive Officer of the Regiment in which he outlined the progress of the Regiment from Activation Day 15 August 1942 to the present day.

Chaplain Hayes H. Webster, Regimental Chaplain, gave a short, but true to the heart talk, and closed his talk with a prayer as taps was sounded in the far distance. As taps sounded the men of the company and everyone present felt the homage, respect and reverence of the program. It was a day that will long be remembered in the minds and souls of the of each and everyone of us.

Cont. From Page 1.

however the Bn. boys tied it right up in their half of the second. Both teams went scoreless in the third and fourth and the boys from Grafnau forged ahead in their half of the fifth getting another marker across the plate. Things looked bad as the Company team came up for their last raps, but after two were down Moody and Zmirski connected with a pair of doubles to send their man of the eight the Bn. boys scored four runs while all our team could do was add one more to their side of the ledger. A tough one to lose, final score 1st Bn. 6 - Regt Hqs Co. 3.

A few nites later the boys got back on the winning side when they crossed bats with the 308th Medics. In the first half of the third our boys piled up enough hits to chase two runs across. The Medics came back to score a pair of tallies in the last of the fourth, but the local aggregation was equal to the task and in the next frame Moody, Zmirski, Barnett and

FINAL JUDGEMENT DELAYED

Due to the great number of pictures that have been turned into to press office it is impossible for the judges to make a final judgement before paper hits the press.

BIRTHDAYS

This week we have two birthdays in the Company. T/5 Harry C. Bauder Jr., on Monday 20 August 1945 and a newcomer T/5. Harley H. Hart on Saturday 25 August 1945. We know that Steve will do his share in helping us to celebrate your birthday, hoping you will be in civvies for the next one.

Brown connected for solid base hits to put the game away. Final score Regt. Hqs. Co. 4 - 308 Medics 2. Nice going boys! keep it up.

Welcome back to the Company Carl, we are referring to T/4 Carlos F. Wilson who has returned to duty from the Hospital. Carl has spent a great part of the last six months getting himself fixed up. He looks fit as a fiddle, and further states that he is ready to go home any time now. Glad to see you back again Carl!

The amplifier used at the boxing show is just another relic picked up in our travels. Like most hand-me-downs it does a job but is very temperamental. It takes a master technician to everything under control. Our sound man gets thing under vontrol and then his attentions are somewhat divided between the P.A. system and the fights. Every now and then you'll see him throw up his hands and dive headlong into that maze of tubes, but don't worry he's not trying to commit Hari Hari it's just the old relic reniging again. Keep up the struggle Vince, maybe someday you'll get your hands on another P.A. system or better still a discharge.

Rumor has it that at the next fight in the Arena they'll be one more contest added unofficially to the bill. The Shadow Boxing Champion will be picked from the boys in the stands. The Communication Platoon has two very fine contenders for this Crown. One from the wire section and the other from the radio section. If they were introduced it would sound something like this. — "In this corner at 148 and 1/2 lbs. we have — — —, the Cleveland Kid. And in this corner at 173 lbs. we have the Warrington Warrior, — ! We'll crown the king if someone doesn't crown him first.

One day not so long ago on his way to the Motor Pool Sgt. Wehling saw a Radio Section Jeep coming towards him, not being able to see the driver he immediately figured that the master minds of said Radio Section had rigged up a remote control job. This was not the case however, for upon further investigation our Sergeant saw that there was a driver propped up on a cushion of all things. The question that the Motor Sergeant would like to have answered is; why doesnt this guy get off his knees and stand up awhile to see what is going on? Take it easy on the knees of your pants, says the Supply Sergeant Haley.

Ed. Note: This could'nt possibly be the ole' Personality Boy himself could it?

THE PUPPY!!!!

From left to right we have DuPuy, Barnett, Camardo, and Mitchell plus the wonder-dog TINY.

'TINY' IS SAVED BY I & R

The story on how "Tiny" the I & R platoon's new mascot, was saved from an untimely death at the hands of a German civilian, is one little known to the members of the Company. It all happened one day when the platoon was on a problem of motorized patrolling. As the jeeps of Lt. Hicks, Sgt. McCutcheon, Sgt. Heidt and Pfc. Jack Hoppe entered a small town, a hungry looking civilian approached the Lieutenant and meekly asked for his pistol. Naturally this was out of the question, this

act aroused the curiosity of all concerned. They asked what he wanted it for, and finally they decided he was telling he had something to shoot. The party went with the German and he pointed out the St. Bernard, which all of us know. After taking one look at the sad eyed pooch everyone knew that he would not grace the table for some Jerry's Sunday dinner. After some bartering and some persuasion, the owner finally consented to trade the dog for a price. Now "Tiny" is living a life of luxury, eating instead of being eaten.

"Friend of yours?"

Personality of the Week

We are happy to present to you Pfc. Raymond M. Evers-our man of the week. Ray came to I Co. during the Normandic campaign on July 15th 1944. When the Rgtl.M.P. platoon was organized in Luxemburg, he became a member of this company, and has been with it ever since. Ray is well-liked by everybody, because he has always shown himself as a good comrade. His main ambition, besides sleeping, is to get back home to Little Chute, Wisconsin as fast as possible. With his 61 points he might soon realize that ambition.

WHEN I GO TO SLEEP

When I go sleeping late at nite,
I think about my sorry plight.
I dream of things I used to do,
And plan about my future, too.

Then, after stretching out my joints,
I count and recount all my points.
But 41 just "ain't" enough
To send me home to folks and love.

So I start that familiar tune:
Lord, let me have my discharge soon;
Or else, before it is too late,
Just let me have a "Section 8".

Pfc. Walter Marx
M. P. Platoon.

COMMUNICATION PLATOON TAKES PRIDE

If you happen to be passing by the Communication Platoon's billets and hear what you might think is a rict, just don't get too excited about it because it's probably only the radio section arguing over who's got the best looking growth of hair on his upper-lip. It is the wish of the platoon to have an excellent style of mustache.

PING-PONG PLAY OFF

Here it is men — the Tournament we have all been waiting for — — Play will begin on Monday evening 27 August 1945 at 1900 in the Company I & E Room. In the first three rounds winners will be decided best three out of five games; in the finals best five out of seven games. Tournament winners will receive three day passes to the Division Rest Center at Passau. The tournament will be run on an illimination basis, play to start promptly at 1900 hours each evening. Players are requested to be on hand so as not to hold up the play; any player not present for scheduled match will forfeit same. Doubles play to begin immediately following completion of singles. Lets have a big turnout of spectators.

Singles Tournament FIRST ROUND

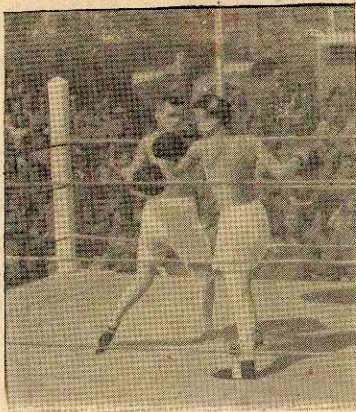

Joe Heidt vs. Ken Hempel
John Gudyka vs. Sam Bratland
Harry Taylor vs. Ed Winikates
Bob Mitchell vs. Sid Barnett
Bob Carter vs. Lucky Lucabaugh
Jack Farrell vs. Silent Balestino
George Sikora vs. Ray Evers
Joe Makara vs. Ray Gibitz
Al DuPuy Bye
Bob Kramer Bye
Sy Zmirski Bye
Ros. Wilson Bye
Ed Kuras Bye
A. Camardo Bye
Gene McGrath Bye
Hempel & Lucabaugh vs. Heidt & Gibitz
Bratland & Balestino vs.
Carter & Evers
Winikates & Sikora vs.
Farrell & Taylor
Mc. Grath & Marx Bye
Kuras & Kramer Bye
DuPuy & Camardo Bye
Mitchell & Zmirski Bye

As we go to press we are told that the winners of this tournament will represent Hq. & Hq. in the Regimental Tournament to be held later in the month sponsored by The Regimental Athletic Officer.

"What's this Frank?" "Well, Sgt. Haley he claims that he needs an extra large pair of shorts."

What is this we hear? A libel suite by Steve Stivorich against our own Gazette. Thats not a nice boy Steve! Lets' get into the spirit of things. The war is now over.

Makara lands one off Cantrell.

S/Sgt. Pemberton Returns - Wire Section Sweats Out News

At long last our "Boss Man" S/Sgt. James (Buck) Pemberton has returned to us. We figured maybe he was lost, or perhaps was returning via England or better yet the States. Anyway "Buck" has a swell tan and from all accounts had one swell time at the Riviera. Naturally he came back broke and plenty pooped out. "Buck" figures if a guy had a million dollars and about ten days down there he could really do things up brown. Guess they have every thing in sunny southern France. Wine, women, song, boating, swimming and Wacs.

So take your choice. Buck and the boys got there O. K. via train but coming back they travelled by any means possible from cattle cars to the good ole' pump handle car; finally reaching our area on a load of goat meat that we had for dinner.

We seem to be sweating out every broadcast of news — you know — waiting for them to say the 83d will be going home soon. The only luck so far has been Malcolm Brown, who heard them say that the old men will soon be on thier way and is already beginning to pack. Brownie and brother "Bob" Steele dashed around the other morning to make out thier application but could't find a soul that knew much about it. What the Hell, Fellows! Stick around a while, we like you and we will all be going home soon, maybe?

We notice that we may have an I & E School, some of our boys want to know how to raise chickens while others want courses on such things as "How to live a happy married life", but can't find them listed. That's easy, guys, just write to one of those book shops in New York and for 98 cents you get all of the answers.

Lt. Cavalini Regimental Athletic Officer is arranging an interesting Fifth Card for the Memorial Arena for next week.

50-50 ON FIGHTS

Regt. Hp. Co. fought two of the ten bouts held in Freyung after the dedication program.

Results: Makara, took Cantrell, Co. C. Al Ledford, lost to Burris Co. D

Exhibition Bout was put on by Hrousky and Vorhees

M.P.S. GET HOT FEET

We shall be looking for a little more spit and polish from the wire section now that they have been relieved of their duties of guarding the motor-pool. Pfc. Walter Marx is still looking for the certain party who gave him a hot-foot the other day. Maybe Pfc. William Saffel could supply him with some valuable hints. We are happy to report that Pfc. Paul Chandler's foot is improving. Just goes to show you that you can't keep a good man down. Ever since the defeat of "the sons of heaven" we have noticed that S/Sgt. Mc. Grath is wearing his combat boots again. That report certainly helped to cure a lot of ailments. Pfc. Jack Farrell has taken "Girty's" place at the round-table according to statements by some of the less fortunate contestants. Pfc. Eddie Moore may be found in the day-room nightly, trying to figure out those 1/4 inch problems. Suggest he contact Harry "James" Taylor for some advice. Sam Bratland's latest story is, that all Pfc's will be discharged first. He has found quite a few supporters for his system. Watch out for some of our "dark horse" entries in the company ping-pong tournament. We should not be too surprised if one of our boys would be victorious. Arley "Who That Is" Barker is puzzled by some mysterious notes from "The Shadow" and "Batman". They always seem to arrive around midnight, making the whole thing even more spooky. We are going to send a certain "Superman" to his aid, who showed his prowess the night of the dance, when he nonchallantly carried around several 200 lb bags of flour. Seems like the mailman is playing favorites again. He only thinks of "Nick" Mitilenes, when delivering packages. Now our hungry stomachs are anxiously awaiting Nick's return from the Riviera.

We have a new nick name for the 1st S/Sgt. (Smilo) Kuras. Why? Just take a good look at the new Molars. He looks like a million. Yes we know 1st Sgt. Kuras, seven days KP for the Gazette.
